

1919 the Banner Building Year

There is every reason to believe that 1919 will witness more building and construction work than ever before seen in a single year of our national history.

Now, Mr. Farmer, get busy. Make life on the farm attractive for your boys, by erecting new buildings.

Come in and let us have a heart to heart talk. Suppose you are figuring on building a dwelling or even a chicken house. I will tell you how much lumber to use, specify the price (even furnish plans if desired) and be all the service possible.

Remember, I am headquarters for Building Material of all kinds and am in position to save you money on anything in that line.

PERIODIC BILIOUS ATTACKS.
Persons subject to periodic bilious attacks will observe that their appetite falls them just before an attack. That is, they do not really crave food but eat because it is meal time. They will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.

Washington, Feb. 22.
The Wheat Guarantee bill, authorizing the President to use existing agencies or create new one to buy wheat of the 1918 and 1919 crops at the Government guaranteed price and dispose of it at market prices, was passed to day by the House by a vote 277 to 15.

Just before adjourning last night the House adopted amendments changing the date of expiration of the Government's guarantee from October 15, 1920, to June 1, 1920, and giving the President authority to prohibit wheat exports should unfair tactics be used to force down the price.

The measure, which carries an appropriation of a billion dollars, was passed with only two important amendments, one changing the date when the act shall cease to be effective from October 15, 1920, to June 1, 1920, and

the other giving the President greater authority in restricting importations of wheat to protect the Government from undue loss. The President is given blanket authority to provide all the machinery for handling the wheat from the time it is purchased from the farmer until sold to the consumer, with control over millers, wholesalers, jobbers and bakers, importers, manufacturers and exchanges.

DOLLARS AND CENTS.
Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

ANNOUNCEMENTS

We are authorized to announce
HON. E. BULLOCK
as a candidate for Representative from the Seventeenth Legislative District, composed of Rockcastle and Laurel counties, subject to the action of the Republican party at its primary election on August 2, 1919.

The democrats of Kentucky must be on guard. The day of political bosses is gone and when we see them struggling to get hold of the party, it becomes our duty to give notice to the voters and sound the alarm. This year the people must select their own candidates. They must not be selected in a cut and dried convention. It must not be in any would-be boss's back office.

The republican bosses are already preparing a slate and have called a convention to meet in the city of Lexington to ratify their slate and thereby make the

tory and of no real effect. By so doing, no one, however, meritorious and deserving, will have any chance at the August Primary, unless named by the republican convention, and no one will be named in the republican convention unless he be selected by the bosses and placed upon the slate.

The free people of Kentucky will not stand for this, as they know it is contrary to the spirit of fair play. If the republicans of the state accept a ticket named that way, it gives life and encouragement to machine politics and gives to a few political bosses the power to select their candidates and name the ticket for them. This our people do not want and the free and independent voters of this state should be on the alert to repudiate and condemn a ticket selected in that way. In other words, down with the bosses, down with the political machines, down with political tricksters, and up with the cause of a free people and a fair ballot, letting the best man at all times win.

W. T. SHORT, of Richmond, is a candidate for State Senator from this district. The seventeenth will sure send a republican and therefore, we can not see where much improvement could be made, over Mr. Short. We hope to see Rockcastle give him a hearty support.

HISTORY OF KENTUCKY'S PART IN THE WAR.

The Kentucky Council of Defense wishes to keep before the public the historical work which is now being done under its supervision in every County in the State, and to ask the assistance of every person who has a relative in the service.

County Historians have been appointed in practically every county in the State. The first work which they are undertaking is to get a record of every person in the service from their county, and to write this record on a WAR RECORD sheet. These sheets will contain the name and address of the soldier, his age, the camp where he received first training, military address, promotions, casualties, etc.

It is said that the record of each man in the Civil War was not obtained until a few years ago. But if the relatives of soldiers will lend their aid now, while information can easily be obtained, the records of each man in the service from Kentucky can be made within a few months.

These records, when completed will be bound in permanent form and made a part of the records of the county.

It recently came to the attention of the Kentucky Council of Defense that a Kentucky boy had given his life in the performance of a most heroic act, for

which he has been awarded the Distinguished Service Cross after his death, and that there was no permanent record of this award in his county, and that his parents had destroyed all letters they had received from the Government, not understanding the nature and value of the letters.

Fortunately, the State Council had a record of this award of the Distinguished Service Cross, and the citation, which reads as follows:

"Private ——— displayed great coolness and courage under a heavy barrage when he unhesitatingly went forward to destroy wire entanglements, and continued this extremely hazardous work until killed."

This information has been furnished to the Historian of this boy's home county, and his name and record, together with this citation for bravery, will be made a part of the permanent records of the county.

The County Historian of this county wants the name, address, and military record of every person in the service from the county with a statement of casualties, promotions, newspaper articles, etc.

If you want the record of your soldier boy to be placed in the records of your county go at once to the Historian of your county, get a WAR RECORD blank, fill it out and return it to the Historian. This appeal is directed particularly to the mothers and sisters of soldiers.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you feel a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL HOLLANDER OIL CAPSULES now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1886 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL HOLLANDER OIL CAPSULES. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders. Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL HOLLANDER OIL CAPSULES. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other, in sealed boxes, three sizes.

McKenzie's restaurant and will be open every night from 6 to 10 o'clock except on Sunday.

Mrs. Carter McDowell, who was Miss Martha Dally, daughter of Mr. and Mrs. S. S. Dally, died in the London hospital Tuesday, a month to a day from the time she was operated on for appendicitis. From the first there was scarcely any hope of her recovery. She leaves four small children, one only seven weeks old, besides her husband, parents, brothers and other relatives. The burial took place at East Bernstadt, Wednesday.

Work is expected to start on the missing link of the Dixie-Boone Highway between Livingston and the Laurel county line soon. There is only about \$6,500.00 to be raised and that will probably be put up by the time this goes to press. Plans and estimates have all been approved by State Highway Commissioner Rodman Wiley and are now in the hands of the Federal Government for approval. The State and Government will stand three fourths and the people of this and other states have and will put the other one fourth in order to get a north and south route open.

ORDERS.

(Rockcastle Fiscal Court)
Call Term, February 14, 1919.
Resolution: Whereas it is ordered that in the event that the 20 cents road tax is voted at the election to be held on the 15 day of March, 1919, in Rockcastle County, then the amount derived from said tax will be prorated and used in and according to the size of each Magisterial district. It is further resolved: That in case the said 20 cents road tax is voted or carried the road tax which is levied and now in force shall be omitted from the levy of 1919, that the future rate of taxation upon the \$100.00 shall be the same as at present.

Att. S. F. BOWMAN, C. R. C.

ROADS

A FEW PLAIN FACTS ABOUT THEM

Attend the road meeting in Mt. Vernon tomorrow and know why you should be for or against the 20 cts tax.

At the last November election, 18 counties voted on the 20 cts tax. Rockcastle is the only one that did not carry.

If the 20 cts tax is voted, the State gives \$3.00 for every \$1.00 put up by the county.

The road tax will be 20 cts whether it is voted or not.

It does not cost the taxpayer a cent more, so why lose the State aid.

If Rockcastle wants better roads or ever expects to have them, what better proposition can the people expect.

The rich counties of the state are willing to pay the tax to build the roads in poorer counties like Rockcastle. If we don't accept the offer whose fault is it?

If by voting the 20 cts tax, the taxes are to be raised, we say vote it down, if not, vote for it?

The biggest tax payers of the county are for the 20 cts tax. They are paying all the tax they want to pay, but this 20 cts does not hurt them or make their taxes a penny higher; it will help the county and therefore they are for it.

Last Sunday was H. C. Gentry's birthday and at Sunday School

penny for each year he is old, 74 cts. After making his deposit, he said if any one wanted to make him a birthday present, he would be glad to have it, which would also be placed in the birthday box. He received \$4.00.

There are few families in which the record of Mrs. Gustave Koch, Box 24, Kewick, Keokuk County, Iowa, has been surpassed. Not in the fact that she raised a family of eight in her story remarkable. Thousands of families are larger. The history of the Koch family is unique in that the mother, with all her loving care, pinned her faith to a simple home remedy and never had a doctor for her children. Here is what she says: "Peruna has done my children good. I have a family of eight and never had a doctor, only your medicine. We all think Peruna a splendid tonic." So far as we have learned, Peruna is the only known remedy for which such a wonderful claim can be made. Like Mrs. Koch, there are thousands upon thousands of mothers who place their entire dependence upon Peruna. That Peruna has merited this confidence is attested by the words

This week is Road Builders Week at Lexington and Rockcastle was represented. Members of Fiscal Courts of several counties as well as County Judges, County and State Road Engineers and others interested in good roads generally were there discussing what is to be done in road building in 1919 and the best ways to do it. Those present from this county were County Judge Mullins, Magistrates Guy Roberts, Freeman Retron, and Dan Mullins. Col. Jim Maret and W. H. Fish. Lots of the counties are taking advantage of the 20 cent Road Tax and planning better highways.

FURNITURE is a big word and covers a lot of territory. Some can be found in most stores labelled "FURNITURE STORE." Some years ago a kitchen safe—a step stove, a few cane bottom chairs, a box, a bed, 4 slats and a bunch of straw, and life was lannched upon. Yes, and but a few centuries ago and our beloved ancestors held their tea parties and had their main offices in eaves. Thanks to civilization, for today we have been priviledged to see, study, read, learn, and above all, think, and the result gives us the yearning for the higher things in life. The cultur ed—the refined. Such a longing can be fully satisfied at our wonderful Furniture Department. A visit through it will prove it to your entire satisfaction.
